**RE: KFI-DePaul Scholarship for Kurian Alex**

Dear KFI Board of Directors:

This is to express my sincere thanks to KFI for the generous scholarship of one thousand dollars to earn the IB Educator Certification through the College of Education, DePaul University, Chicago. The graduate level certification equips educators to be adept in the IB curriculum design and methodology, the assessment of learning, and the use of student data for instructional decision-making.

The program is asynchronous, and expected to be completed in November 2018.

Thank you once again.

Respectfully yours,

(Kurian Alex)  
IBDP Coordinator
