INDEPENDENT AUDITORS' REPORT

We have audited the accompanying financial statements of Kodai Friends International, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Kodai Friends International, Inc. as of June 30, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2021 AND 2020

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Kodai Friends International, Inc. (the "Organization") is a nonprofit Delaware corporation that receives donations from alumni and friends of Kodaikanal International School ("KIS") in India, and makes grants to fund scholarships and a variety of projects at KIS. The Organization is one of two successor organizations of Kodaikanal Woodstock International, Inc. ("KWI"). KWI was organized on May 15, 1972, to provide financial and administrative aid and support for two schools in India, KIS and Woodstock School. In mid-June 2005, the KWI Council of Members approved the motion to split KWI into two separate 501(c)(3) organizations. On July 1, 2006, KWI changed its name to Friends of Woodstock School, Inc. ("FWS"). Funds that had been held by KWI on behalf of both schools were divided between FWS and the Organization. The Organization was created to receive the net asset balances raised on behalf of KIS by KWI and to continue supporting KIS. The Organization is primarily funded by donations received from KIS alumni and the return on its investments.

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting.

Basis of Presentation

The financial statements of the Organization have been prepared in accordance with U.S. Generally Accepted Accounting Principles (US GAAP), which require the Organization to report information regarding its financial position and activities according to the following net asset classifications:

<u>Net assets without donor restrictions</u> – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and board of directors.

<u>Net assets with donor restrictions</u> – Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all highly-liquid investments with an initial maturity of three months or less to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2021 AND 2020

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounts Receivable

Receivables are valued at management's estimate of the amount that will ultimately be collected. Management's policy is to establish an allowance for doubtful accounts based on the specific identification of uncollectible accounts and the Organization's historical collection experience. All receivables are considered fully collectible at June 30, 2021 and 2020, and no allowance for doubtful accounts has been provided.

Investments

Investments are initially reported at cost, if purchased, or at fair value, if donated. Thereafter, investments are reported at their fair values in the statements of financial position, and changes in fair value are reported as investment return in the statements of activities.

Purchases and sales of securities are reflected on a trade-date basis. Gains and losses on sales of securities are based on average cost and are recorded in the statements of activities in the period in which the securities are sold. Interest is recorded when earned. Dividends are accrued as of the ex-dividend date.

Fair Value Measurements

United States GAAP establishes a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own estimates about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy):

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

At June 30, 2021 and 2020, the Organization's investments were classified as Level 1 and Level 3. For the years 2021 and 2020, the Organization classified \$3,711,232 and \$2,989,099 as Level 1, respectively. For the years 2021 and 2020, the Organization classified \$95,587 and \$67,751 as Level 3, respectively.

Grants Payable

The Organization records a liability for grants when they have been approved by the Board of Directors. Grants payable within one year are recorded at the fair value at the date of approval. Grants payable in more than one year are recorded at the present value of their cash outflows using a risk-free rate of return.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2021 AND 2020

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

In-Kind Contributions

The Organization recognizes donated services, if any, that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. No amounts have been recorded for contributed services for the years ended June 30, 2021 and 2020.

The Organization records the value of contributed goods when there is an objective basis available to measure their value. Contributed materials and equipment are recorded at their estimated values at the date of receipt. No amounts have been recorded for contributed materials and equipment for the years ended June 30, 2021 and 2020.

Functional Allocation of Expenses

Directly identifiable expenses are charged to programs and supporting services as incurred. Expenses related to more than one function are charged to programs and supporting services on the basis of expense analysis. General and administrative expenses include those expenses that are not directly identifiable with any other specific function, but provide for the overall support and direction of the Organization.

New Accounting Pronouncements

On September 17, 2020 the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU), 2020-07, Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets. This ASU is intended to increase transparency on how contributed nonfinancial assets (also referred to as gifts-in-kind) received by nonprofits are to be used and how they are valued. The Organization is currently evaluating the full effect that the adoption of this standard will have on the financial statements.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

Beneficial interest in charitable trust consists of the Muysken Family Endowment Fund established by the donor in an account held and managed by the Presbyterian Church Foundation (the "Foundation").

The Organization's investment in the Muysken Family Endowment represents an interest in the investment pool held by the Foundation. The fair value of the beneficial interest in the Muysken Family Endowment is based on the value of the underlying assets owned, minus its liabilities, and then divided by the number of shares outstanding. Quantitative information about significant unobservable inputs is not readily available.

5. CASH SURRENDER VALUE OF LIFE INSURANCE

The Organization is the beneficiary of a donated life insurance policy. The cash surrender value of the policy is recognized in the statements of financial position.

6. <u>ENDOWMENT FUND</u>

Accounting standards for the classification and disclosure of endowments of not-for-profit organizations provide guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA) and require additional disclosures about an organization's endowment funds. The state of Delaware has adopted UPMIFA. The following disclosures are made as required by accounting standards:

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2021 AND 2020

6. ENDOWMENT FUND (CONTINUED)

- The endowment of Kodai Friends International, Inc. consists of five funds established in an account with the Presbyterian Church Foundation (the "Foundation") by the Muysken family. The Foundation will distribute annually, within the first quarter of each year, a payment equal to all increases in the market value of the fund which exceed the consumer price index percentage increase for the previous calendar year. However, if in any year there is no increase in the market value of this fund as detailed above, no payment will be made to the Organization. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence of donor-imposed restrictions.
- The investment purpose of the endowment is to generate income to support the donorimposed purpose. The Organization's spending policy of the distributions from the Foundation is primarily demand driven. The funds are invested at the sole discretion of the Foundation, as required by the donor, in a fund which seeks long term growth of capital.

Endowment net assets composition by type of fund as of June 30, 2021 is as follows:

Funds with Deficiencies

At times, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or applicable law requires the Organization to retain as a fund of perpetual duration. In accordance with United States generally accepted accounting principles, deficiencies of this nature that are reported in net assets without donor restrictions were \$7,738 and \$35,574 as of June 30, 2021 and 2020, respectively. These deficiencies resulted from unfavorable market fluctuations that occurred after the investment of new contributions with donor restrictions and continued appropriation for certain programs that was deemed appropriate by the Board of Directors.

7. TAX STATUS

The Organization is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

Management has evaluated the Organization's tax positions, in accordance with FASB ASC 740 "Accounting for Uncertainty in Income Taxes", and concluded that the Organization has maintained its tax-exempt status and has taken no uncertain tax positions that would require adjustment to the financial statements. With few exceptions, the Organization is subject for three years to income tax examinations by the United States Federal or State tax authorities.

12. OTHER EVENTS

We expect the impact of the novel coronavirus ("COVID-19") and measures to prevent its spread to affect the Organization's business. The significance of the impact of these disruptions, including the extent of their adverse impact on the Organization's financial and operational results, will be dictated by the length of time that such disruptions continue and, in turn, will depend on the currently unknowable duration of the COVID-19 pandemic and the impact of governmental regulations that might be imposed in response to the pandemic. The Organization's business could also be impacted should the disruptions from COVID-19 lead to changes in consumer behavior. There are certain limitations on the Organization's ability to mitigate the adverse financial impact of these items. COVID-19 also makes it more challenging for management to estimate future performance of the Organization, particularly over the near to medium term.

13. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Non-recognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through October 8, 2021, the date the June 30, 2021 financial statements were available for issuance.
